Reported That Young Turks Hold the Sultan in Virtual Captivity-A

It is reported that the Sultan is practically a prisoner in his palace under guard of Young Turks. This radical step is due to the discovery of a cipher message in the sultan's correspondence, which proved conclusively that he is intriguing to promote a Turko-Bulgarian war with the idea of overthrowing the new regime. It is easily that a censorship has been established over the sultan's correspondences. lished over the sultan's correspondence and that no word is allowed between him and the reactionaries that does not first go through the hands of the Young Turks' guard.
